	In his letter	-
enclosed a response he had rece	ived from Senator Fulbright to a query he made	
earlier about a newspaper articl	e stating that the Agency was about to get	
involved again in internal politic	s in Bolivia. Fulbright responded that he	
doubted the Agency was involved	in this kind of thing but went on to say that	
" such legislative oversight	as is exercised over CIA is conducted by	
the Armed Services and Appropr	iations Committees." Fulbright added that	
several efforts to change this ar	rangement in the Senate had been unsuccessful.	
Hancock has subsequently written	n to Ellender asking whether allegations in	
the article of CIA involvement in	Latin America governments were true.	
Woodruff proposes to provide the	e Senator with a reply which merely says that	
in accordance with the legal pred	cedents of the Senate and of the Appropriations	
Committee matters pertaining to	the Intelligence Operations Subcommittee	
which has jurisdiction over CIA	are handled in executive session and are not	
made public. I made several su	ggestions such as quoting Secretary of State	
Rusk's response to a question from	om Senator Margaret Chase Smith along these	
lines and excerpts from the Dire	ctor's recent speech, but Woodruff felt these	
would only tend to encourage foll	owup correspondence from Hancock. It was	2
agreed that he would stay with th	e response he originally proposed.	۷.

As a followup to the request from DIA, that the Agency handle debriefing of Mr. William H. Cook, Counsel, House Armed Services Committee, prior to departure for a visit to the Soviet Union, I met with Mr. Cook in his office. He told me that he is seriously considering such a trip the latter part of next month and has the Chairman's blessing but as yet he has not filed his application for visa. I outlined the debriefing requirements to him and told him I would debrief him prior to departure if his plans materialize.
